Principal’s News

Tuesday, 19 June 2012

For those of you who happened to read The Sydney Morning Herald on 28 May you would have read some comments from one of our parents in relation to our school technology program. It was great reading and also to know that we are up there with some of the top schools across Australia in relation to our programs in technology and student engagement. I would encourage everyone to read both the article and Andrew Hearne's comment.

Thought for the Week
