Food for Thought . . .

Training Children In Mobile Network Use

Hiroko Kanoh, Associate Professor of the Institute of Arts and Sciences at the Yamagata University “......Instead of prohibition, children need guidance that is adapted to each stage of their development. This means first restricting network use, and then gradually easing restrictions, guiding them on how to judge whether a site is dangerous or not and how to prevent communication problems from becoming serious.......”

Mrs Lowe returns

Mrs Lowe returns to the school this Wednesday. All the staff and students are looking forward to her return.
**Berry Camp**

Seventy-two stage three students spent five days at Berry Sport and Recreation Camp last week. During the week they encountered some challenging weather, including a hail storm during a bush walk and some seriously heavy rain.

Canoeing, archery, challenge ropes courses, giant swings, camp fire cook-outs and rock climbing were some of the popular activities undertaken by the students.

During the evenings, our students had the opportunity to meet and mix with students from two other small schools and much fun was had with discos and game activities.

One of the many learning opportunities of camp is the chance that students have to assist in the servery and help with cleaning in the mess hall. We hope that your child enjoyed their time at camp.

Camps and excursions like this are only possible when teachers volunteer their own time to organise and attend them. Thank you to Mrs Isbester, Mrs Ritchie, Mr Maxworthy, Mr Rutter and Mr Cameron who all gave significant time to this excursion last week.

**Thought for the week. . .**

On the 28th August, 1963, Martin Luther King uttered these famous words. They are as powerful now as they were then.

“I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin but by the content of their character.”

**Broulee PS Relay for Life Team**

A Mufti-Day in support of the Cancer Council’s Relay for Life.

**Wednesday 17 November.**

Add a touch of **PURPLE**

Cancer has touched the lives of most families and as such is a worthy recipient of our Community fundraiser.

Teachers are supporting this charity by nominating a team in this year’s Relay for Life at Hanging Rock Batemans Bay.

We have claimed tomorrow Wednesday 17 November as a Mufti Day.

To show your support we ask each child donate a gold coin on the day. This gold coin allows your child to come to school out of uniform and go into the draw for a chance to win one of six sports packs.

The students can wear any colour but we ask that some part be purple - purple being the colour of hope.

Draws for the sports packs will be made during Thursday’s assembly.

Join with us in supporting the Cancer Council.

Raffle Tickets are still on sale and a table will be set up just inside the school gate for anyone wanting to purchase some tickets over the next few days.

The tickets are 3 for $5 or $2 each. All prizes are for 2 Adults.

**1st Prize** A weekend at Novotel Canberra and a Hot Air Balloon ride.

**2nd Prize** A weekend at Coachhouse Mariner and Dinner at Starfish Deli.

**3rd Prize** Accommodation at Best Western Sydney and Harbour Bridge Climb.

**Class Work**

KH and KB had fun at Mogo Zoo recently. Bim, came along too.

This is what Oliver had to say about it!

On Friday, Kindergarten went to Mogo Zoo.

I like the lions best because they stood on two legs when they ate.

I liked the otters because they are playful and the chimpanzee was funny.

Callum wrote:

**My Day at Mogo Zoo with Kindergarten.**

First we had fruit break and after that we went to the apes. There was a baby ape.

My favourite animals are the apes because I like monkeys.
