Welcome back after a lovely long weekend. I hope you enjoyed the extra "sleep in" and time with your families. Although the mornings and evenings were crisp we really couldn't complain about the weather during the day.

You may have noticed some bunting around the junior playground equipment. We are in the process of replacing some parts of this equipment as this was the original piece of equipment that was part of the school establishment and some parts have worn out and have become an OH&S issue. We hope to have the replacement parts fitted during the next few weeks.

The last three weeks of this term are extremely busy with interschool debating and district and regional sport competitions as well as the school hosting the interschool "Academic Challenge", NAIDOC Week and the school Athletics Carnival in the last week of term.

**P&C Meeting** Thursday 13 June 7.00pm in the staffroom.

**Assembly**
This Thursday's assembly at 1.45 pm will be led by 5H.

Sue Lowe
Principal

**Thought for the Week**
There is a wonderful mythical law of nature that the three things we crave most in life:
Happiness
Freedom and
Peace of Mind
are always attained by giving them to someone else.
Scholastic Book Fair Next Week

Our first Book Fair for the year will be held in the iCentre next week. Book Fairs are a great opportunity for children, parents and grandparents to buy books, posters and novelties from the wide range available.

Students will be previewing the Book Fair with their classes on Monday 17 June. If you do not wish your child to attend the class preview, please let your child’s teacher know.

As always, items are sold at recommended retail prices, with our school retaining a 20–30% commission. This money is used to purchase resources for our school.

Anyone who makes a purchase will receive a bookmark and go into the draw for book or poster prizes.

Hope to see you there,
Isabelle Cameron

Transport Excursion

On Thursday, 6th June students from Year One and 2I travelled on the bus to Moruya Airport for our Transport Excursion. We have been learning about lots of different types of transport in Science and HSIE so it was wonderful to experience it in person.

Students were able to look at, learn about and explore many different types of planes, the Seabreeze Aircraft Maintenance Hangar, the Westpac Rescue Helicopter, the Broulee Fire Truck, Broulee Surf Life Saving vehicles, motorbikes, a horse float, a boat and the big skip-bin truck. This excursion would not have been possible without so many people in our school community donating their time, knowledge and vehicles for the day.

Special thanks go to the Fairweathers, Tim Gilbo, Robert Wildman and the Westpac Rescue team, Skydive Oz, Damon Jones, Andrew Mizzi, Tahlia's family, the Megee family, Cindy Pearson-Perryman, Tim McDonald, the Broulee Rural Fire Brigade, the Broulee Surf Life Saving Club and our wonderful parent helpers for the day Gabrielle, Paula, Belle, Leonie, Amanda, Paula and Priscilla.

University of Wollongong Science Day

Last Friday we hosted the trainee teachers from Wollongong University who ran a wonderfully interactive Science Day.

Our students participated in a range of experiments that were all based on the new national science curriculum. This was a great example of how "hands on learning" can be lots of fun, with the experiences being rich and rewarding for both children and adults.

We would like to thank the presenters for their time and effort.
